The Maryland Indemnity Insurance Company

On or about March 3, 1976, the Maryland Indemnity Insurance Company consented to an Order of the Circuit Court of Baltimore City placing it into Rehabilitation, and appointing the Insurance Commissioner, Rehabilitator. During the period of Rehabilitation, the Company's financial strength steadily deteriorated and on September 16, 1977 the Insurance Commissioner petitioned the Court to terminate the Rehabilitation and place the Company in liquidation. On December 16, 1977 the Insurance Commissioner was appointed Receiver by the Court. Assets of Maryland Indemnity Insurance Company have been marshalled by the Receiver amounting to approximately $3,000,000. Claims filed with the Receiver against the assets amount to approximately $5,600, 000 with additional claims still to be received from the Maryland Guaranty Associations on open claims still being adjusted by them. A plan of operations to ostensibly close out the Maryland Indemnity Insurance Company receivership in the calendar year 1986 is currently being pursued.

Section Reports to the Commissioner

Assistant Attorneys General - The Assistant Attorneys General assigned to the Insurance Division act primarily as counsel to the Commissioner of Insurance and the members of the Insurance Division. The Assistant Attorneys General's primary task is to interpret the Insurance Code for the Insurance Division and supply the necessary statutory construction in the form of Attorney General Opinions, advice of counsel letters or oral communication. An equally important function of the Assistant Attorneys General is that of litigation. The Assistant Attorneys General defend suits against the Commissioner and appeals from his administrative orders, as well as institute suits on behalf of the Commissioner to enforce the provisions of the Insurance Code.

All legislation proposed by the Insurance Division to the General Assembly is reviewed for legal sufficiency by the Assistant Attorneys General. All regulations proposed by the Division undergo the same review process. The Assistant Attorneys General aid the Commissioner in his statutory role as Receiver or Liquidator of insolvent insurance companies.

Among the many other duties of the Assistant Attorneys General are the drafting and review of legal forms for the Division, answering correspondence from other State Insurance Departments and advising individual members of the Division on legal problems that arise with their assigned regulatory duties.

Administrative Procedures and Appeals Section

On July 1, 1984, certain functions of the former Insurance Division Hearing Section were consolidated under the Office of the Secretary.

The Administrative Procedures and Appeals Section (AP&A) was established and is responsible for the overall coordination, control, security and conclusion of all complaint, disciplinary or appeal cases eminating from a citizen, insurance agent, insurance broker, insurance company or from within the Maryland Insurance Division that require an administrative hearing. Cases are received, given a control number, reviewed and forwarded to the Chief Hearing Examiner for hearing. An Order of Hearing is issued by a Hearing Examiner and the case is returned to the AP&A Section for recording disposition of case, distribution of copies of Hearing Order, penalty collection, appeal or future reference.

The AP&A Section also receives attorney Orders for Appeal and is responsible for issuing subpoenas, preparing the record and notifying all parties to the appeal, as requried by the Maryland Rules of Procedure. Close contact is maintained with the Assistant Attorney General's office.

Arranging for a Court Reporter, the Circuit Court transcript preparation of records and tapes, the review of case files, the certification of documents, Public Information Act requests, notifying various Maryland States Attorneys for possible criminal prosecution, and special assignments of the Deputy or Insurance Commissioner are some additional functions of the AP&A Section.

As the result of a 1973 law, concerning automobile policy terminations, a large number of citizen/policyholder protests continue to be referred for hearing determination.

1,362 formal hearings were conducted during 1984 which involved policy termination matters. 68 were of a miscellaneous or disciplinary nature.

475 informal pre-hearing conferences were held to determine whether the insurer should be ordered to continue policy coverage for their insureds. These pre-hearing conferences resolved each case to the satisfaction of the insured/insurer by voluntary settlement, dismissal, renewal of policy or withdrawal of the protest by the insured.

21 formal hearing decisions were appealed for which transcripts were prepared for transmittal to the Office of the Attorney General and the Circuit Court of Baltimore City.

Financial Condition Examination Section

Annually compile, assemble and distribute a Directory of Licensed Insurers, Licensed Health Maintenance Organizations, Licensed Motor Clubs and Rating and Advisory Organizations, a Directory of Authorized

Reinsurers, and a Directory of Surplus Line Insurers. Process and distribute Supplements to the Directory. Compile and furnish statistical data and information for the Maryland Automobile Insurance Fund, the Mayland Guaranty Association and other associations or Governmental agencies.

The duties and responsibilities of those employees assigned to the performance of the field operations are summarized as follows:

Under the provisions of Section 30 of Article 48A of the Annotated Code of Maryland (1972 Replacement Volume, as amended) the Insurance Commissioner shall examine the affairs, transactions, accounts, records and assets of each authorized insurer, management company or owned or controlled subsidiary of such insurer and each rating organization as often as he deems advisable. He is required to examine each domestic insurer not less frequently than every four (4) years in the case of life insurers, and three (3) years in the case of other than life insurers. Section 18(2) provides for the appointment or employment of examiners to conduct or assist in examination of insurers.

It is the function of the field insurance examiners to examine the affairs and condition of insurance companies authorized to transact the business of insurance in this state at the home office and branch offices of the company throughout the United States and to examine surplus line brokers.

Maryland field insurance examiners conducted or participated in the examination of 27 insurance companies 3 Health Maintenance Organizations and 12 Surplus Lines Brokers.

The Section attempts to promote the public welfare by regulating insurance rates to the end that they shall not be excessive, inadequate, or unfairly discriminatory. It submits recommendations to the Commissioner on action to be taken on filings involving rate increases or more restrictive policy provisions which cause the equivalent of a change in rates.

In addition to the above, it reviews statistics or data submitted by motor clubs to substantiate that fees collected are reasonable in relation to services rendered, reviews applications filed for rates on a consent basis for approval or disapproval, processes individual risk filings, reviews statistical plans for the reporting of premiums and losses, and processes registrations of premium finance companies.

Market Conduct Examination Section

This examination unit was organized in September of 1982. The first examination began in November, 1982.

One of the Division's major responsibilities is to evaluate compliance by insurers with statutes and regulations relating to market conduct practices of insurers and their dealing with policyholders and claimants in Maryland. The four key market conduct areas examined are:

1. Sales and Advertising;
2. Underwriting;
3. Rating; and
4. Claims.

There were three market conduct examinations completed and reports filed in 1984. Five examinations were in progress as of January 1, 1985. As a result of the completed examinations in 1984, the following administrative penalties were collected:

Peninsula Insurance Company	- $2,500.
Government Employees Insurance Company	- $1,000.
Progressive Casualty Insurance Company	- $8,000.

Examinations are made pursuant to Section 30 of Article 48A of the Annotated Code of Maryland (1979 Replacement Volume, as amended).

Life - Health Actuarial Section

The Life-Health Actuarial Section is concerned with the actuarial aspects of the regulation of life insurance and health insurance. Every form of life insurance policy, health insurance policy, and annuity contract in this State must be submitted to the Insurance Commissioner for prior approval. The review of these forms represents one of the chief functions of the Section.

The Section also is charged with making an annual valuation of the reserve liabilities of life insurance companies operating in the State of Maryland. Since the reserves representing these liabilities are generally the largest liaibility items of the respective life insurers, this work is most important in connection with determining the solvency of the companies concerned.

When domestic life companies are examined, the Life Section participates in the examination not only as to the reserve liabilities, but also in regard to other asset and liability items of an actuarial nature such as dividends payable, deferred premiums receivable, and nonforfeiture benefits granted. During the course of examination, problems relating to procedures, methods, management policies and company surplus levels are

generally reviewed and discussed with the examiners as well as with the officers of the companies being examined.

This Section reviews applications for licenses of health maintenance organizations, reviews the forms and contracts of these organizations, and maintains an ongoing liaison with existing Maryland health maintenance organizations and those in course of formation in the State.

This Section also reviews rate filings to see that the rates are not insufficient, insecure or impracticable, and in the case of health insurance rate filings, to see that the benefits provided in the policies are reasonable in relation to the premiums charged. For credit life and health insurance, rate filings are reviewed to ascertain compliance with the regulations regarding these rates.

Companies issuing credit life or credit health insurance must file detailed reports annually regarding these operations. The reports are reviewed carefully to see whether the rate standards required by regulation are being adhered to and also whether the standards should be revised.

Reports are solicited from all insurers doing health insurance business in Maryland with regard to procedures employed by the companies to control health insurance costs.

This Section is frequently called upon to assist the Complaint and Investigation Section in connection with numerous technical questions regarding complaints. In addition, the Section directly handled about 2,300 inquiries and complaints in fiscal year 1985 which were referred to it for various reasons.

Applications for admission of life companies to Maryland are reviewed by the Life Section and recommendations are made to the Commissioner based on this review. In fiscal 1985 there were 34 such reviews made.

During the fiscal year 1985 the Life-Health Actuarial Section processed 27,470 forms of life and health policies and annuity contracts, 23,184 of which were reviewed for compliance with statutory and regulatory compliance. Also, 1,357 premium rate filings were received and reviewed. The Section handled over 26,000 pieces of correspondence.

The amount of life insurance in force in domestic Maryland companies as of December 31, 1984 was over $44 billion, the reserves for which were $2,773,174,436.

As of December 31, 1984, over three million persons in Maryland were covered by life insurance under eight million polices, the face amount of which was about $109,184,000,000.

The amount of new ordinary life insurance currently being purchased in Maryland is approximately $13,828,000,000 annually.

The average amount of life insurance in force per family in Maryland at the end of 1984 was approximately $64,900.

Qualification and Licensing Section

The Qualification and Licensing Section is responsible for processing of applications of individuals, corporations and partnerships for insurance qualifications and issuing agents, brokers, insurance advisers, public fire adjusters and miscellaneous licenses. This section is also responsible for the filing of trade names used by agents and brokers.

Applicants for property and casualty insurance examinations must have qualified either by experience or by the successful completion of an approved 96 hour study course. Life and Health applicants are required to complete a 60 hour study course. Examinations are administered by ETS (Educational Testing Service) twice each month at 5 locations in Maryland on a "pre-registered" or "walk-in" basis, thus permitting an applicant to sit for the examination with no longer than a two week wait. Once an individual has qualified by examination, he may become licensed as either an agent for one of Maryland's admitted insurers, or as a broker eligible to place business with all licensed companies. A broker may also be issued a license as a Surplus Lines Broker.

Approximately 246,000 licenses were issued annually. The fee for agents licenses is $5.00 initially and $2.00 for renewal. For resident brokers, the applicant pays a fee of $25.00 and a $5,000 bond to the State of Maryland. Fees for non-resident licenses are retaliatory.

Complaint and Investigation/Property and Casualty

As a service to policyholders, beneficiaries, and claimants and as a means of checking the compliance and performance of insurance companies, agents, and brokers, the Complaint Section receives and investigates complaints and requests for information about policy contracts and other insurance problems and questions. This section investigates the cancellation or non-renewal of insurance policies and maintains a review of automobile and property insurance cancellations to protect those who are cancelled without valid cause. Facts disclosed by these investigations may lead to the suspension or revocation of licenses. The operation of this service frequently results in the return of unearned premium or the collection of unpaid claims. Investigators visit outlying cities to provide an advisory services to these areas. Announcements to local news media are distributed in advance to notify the public of the availability of this service.

In those instances where an investigation results in the need for a hearing, this Section prepares and presents the case for Hearing. In 1984, this Section prepared 1,367 disciplinary or Section 35 Hearings.

During the calendar year 1984, a total of 16,587 written complaints were received. There were 61,121 inquiries received. An inquiry is usually made by telephone and concerns a question or subject that can be satisfactorily concluded on the basis of a single conversation.

As a result of processing the justified complaints made to this Section, a total of $4,215,095.85 was recovered for Maryland residents from insurance companies, agents or brokers.

Under statutory provision of Article 48A, Section 240AA effective January 1, 1973, which gives the citizens of the State of Maryland a right to protest auto terminations and/or surcharges; there were 8,106 instances where policyholders took advantage of administrative procedures to protest and request hearings against proposed cancellation or non-renewal action by their insurer.

Agency Investigation Section

The Enforcement Section's mission is multi-faceted involving, but not always limited to, screening of new applications for agent's qualifications, inspection of insurance agencies, presentation of the Division case at disciplinary hearings involving agents, the investigation and disposition of certain consumer complaints, investigation and disposition of major complaints against insurers and presentment of certain cases at the hearing level and other duties as assigned buy the Commissioner, his Deputy and Assistant Commissioner.

The following statistical data was compiled by the Enforcement Section for 1984:

1. Complaints from insurers and consumers involving agents (agencies) - 678

2. Citizen complaints in general - 237

3. Criminal Record Check without record - 6,234

4. Privileged Communications processed - 119

5. Actual agent or agency inspections - 15

6. Cases sent to hearings - 50

7. Cases presented at hearings - 73

The inspection of insurance agencies are done on a random basis and as the result of reported or suspected deficiencies. The audit includes cash flow, refund processing, payment of accounts and overall solvency of an agency. The agent or agencies is often counseled as to how to improve their operation when no clear violation is descerned. The cash flow of the agency determines its size with many multi-millions of dollars in annual premiums.

Speeches and meetings with agent trade associations are conducted throughout the year in an effort to keep them informed of new legislation and as a preventive measure to avoid possible violations.
